

ATTENTION GOLFERS!!! HOW 'BOUT A KNIGHT OUT?

If you're a golfer, you know it's difficult to get range time in our wonderful Midwest winters. However, there is an alternative. X Golf, a premier indoor golf facility. It's a golf simulator that lets you take a full swing at a real ball full force. The ball leaves the tee, strikes the screen depicting the fairway, and you get to watch the animated ball travel through the air and then landing in the fairway... rough... sand... water.... trees... parking lot... or wherever. There are many courses to choose from, and yes, you bring your own clubs, or you can rent theirs.

I'm trying to gather a minimum of 32 golfers, age 16 and over, which include spouses, family, girlfriends, or your friends of all skill levels. X Golf, has 8 bays which can accommodate up to 6 persons per bay for a maximum of 48 participants. Others would be welcome to come and observe, hang out, eat, and drink at their own expense.

Ideally this will be a 9-hole 4 person "best ball scramble". Possible cash prize to the winning team, with optional longest drive, and closest to the pin "pots". (A 50/50 pot could be optional.)

3 hours of golf is booked and should provide enough time for each team to take some practice swings on the driving range screen, play the scramble, and possibly have enough time to play an additional course of their choice. Extra time may be purchased if there are no other reservations behind us.

Contact me, Ken Karczewski, preferably at kenk01@ameritech.net or 708 426-5743 to notify me

if you will be going, along with the names of your golf partners. Since there is only a maximum of 48 spots available, please respond promptly. Inquiries are already being made, and I would like to have all costs turned in to me by our next meeting of March 7th. Reservations will be accepted on a first come first serve basis.

See you there!
